**Indian Trainer's Society in
Information Technology**
AN AUTONOMOUS BODY OF IT TRAINERS
| INTEGRITY | RELIABILITY | RESPONSIBILITY | PERFORMANCE |
CREATING ECONOMIC AND SOCIAL DIFFERENCE

Scope Statement for Indian Trainers' Society in Information Technology (ITSIT) - ISO 9001:2015

(I) Design & development of curriculum, training material for information technology (IT) training programs. (II) Training, examination and certification for information technology based professional and job oriented training programs. (III) Conducting internship programs and providing placement support.

Narrative

ITSIT shall continuously monitor, assess, and improve its processes and services to align with ISO 9001:2015 standards. We commit to engage all relevant stakeholders in the pursuit of excellence in IT education and training. ITSIT is committed to maintain compliance with ISO 9001:2015 standards and achieving certification, demonstrating our dedication to quality management and customer satisfaction.

Description of Scope of Certification

ITSIT is committed to providing high-quality services in the field of Information Technology (IT) education and training. The scope of this ISO 9001:2015 certification encompasses the following key areas:

(I) Design & Development of Curriculum and Training Material: ITSIT focuses on the design and development of comprehensive and up-to-date curriculum and training materials for IT training programs. This includes creating and engaging relevant and industry-aligned content that enables effective learning and skill development.

(II) Training, Examination, and Certification Services: ITSIT offers a wide range of training programs in information technology, catering to both professionals seeking to enhance their skills and individuals looking for job-oriented training. Our certification services ensure that learners meet the necessary standards and competencies required in the IT industry. This encompasses the entire training lifecycle, from course delivery to examination and certification.

(III) Internship Programs and Placement Support: ITSIT extends its commitment to education by conducting internship programs

that bridge the gap between knowledge and practical application. We provide guidance and support to students and aspiring IT professionals to secure their career goals.

Within the scope of ISO 9001:2015 certification, ITSIT sets the following quality objectives:

1. Continuous Improvement: ITSIT is dedicated to regularly reviewing and enhancing its curriculum, training materials, and delivery methods to ensure that they align with the evolving needs of the IT industry.

2. Client Satisfaction: We aim to maintain a high level of client satisfaction by consistently meeting or exceeding their expectations regarding the quality and relevance of our training programs.

3. Competency Assurance: ITSIT strives to ensure that all candidates who complete our training programs possess the necessary skills and knowledge to excel in their IT careers, as validated through our certification process.

4. Placement Success: Our focus on internship programs and placement support aims to achieve a high rate of successful job placements for our students, thereby contributing to their professional growth.
